## **TODDLER'S PROGRAM**

You and your toddler will enjoy a fun Spanish playgroup. This program is built around daily routines and activities to boost your child's language skills. This class builds more than language skills. This class offers you and your child social, artistic, and physical interactions that encourage bonding, increase attention and the youngster develops motor skills and coordination while playing.

Our full immersion program uses a fun and effective methodology inspired by the Reggio Emilia approach, led by native Spanish-speaking teachers and well-trained counselors. Children ages 2.5 to 11 enjoy a variety of engaging summer activities while exploring the Spanish **language and culture**. These activities include **playgroup lessons, games, water play, movement, sports, cultural activities, arts & crafts, drama, and music.**

## How to register:

You may sign up your child for 2, 3, 4 or 5 days per week. There is a 2-week minimum enrollment; however, the weeks do not need to be consecutive.

# Camp General Information

## Camp Activities:

## Actividades culturales

Culture is an important part of our camp. Children will have a variety of cultural activities daily. These activities will introduce them to the different Hispanic countries and cultures, help them to reinforce the language learned during the day, and give them practice with critical thinking and technical skills.

## Cuentacuentos y drama

Children will be presented with short traditional stories, or they will make their own stories that use vocabulary that they have been learning during the week. Children and camp staff will dramatize the stories.

## Actividades al aire libre

Children will enjoy outdoor activities daily. These activities are carefully crafted for all the children to be able to participate and use the language they have been learning in previous activities. They will enjoy sports, water games, movement, and science in Spanish! We schedule activities for a specific age group and interest level.

## Cocina

Cooking is fun! Children will be learning math and science through these cultural activities. They will learn about different traditional foods from different countries.

\* We are a *peanut free camp*, but if any other allergies are present at the time, we will have to modify this activity using plastic elements or cancel.

## Canciones y bailes

Children will learn Spanish traditional kid's songs and will be introduced to different rhythms of Spanish-speaking countries and... dance them! We also have Zumba for kids every week.

## Arte

Art and craft projects are always fun and a good souvenir to take home. These activities are conducted entirely in Spanish. While very young children will be able to develop fine motor skills while cutting, pasting, coloring, and painting; older children will also do traditional art projects from different Spanish speaking countries!

# Cuidamos nuestro planeta

Go Green!" Children will have a blast while learning the essentials on how to maintain and preserve our beautiful planet!

## Snacks and Lunch:

All campers need to bring a packed lunch and snack from home. There will be limited refrigeration for lunches, but they will be kept in air-conditioned rooms.

- We are PEANUT FREE camp. If your child has ANY food allergy, please make sure to note this at the time of registration. **We recommend a packed lunch and snack if your child has any food allergies.**
